

## Jigsaw knowledge and skills progression: Dreams & Goals Ages 3-11(12)

Jigsaw, the mindful approach to PSHE is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the spiral knowledge and skills progression within the Dreams & Goals Puzzle (unit of work) including some of the new key vocabulary used in each year group and suggestions for Family Learning. Please ask your child's school for details of any adaptations they have made to the programme in line with their school policy as some of the content and vocabulary may have been changed or be taught in a different year group.

In this Puzzle the class talk about their dreams and goals and how they might need money to help them achieve them. They look at jobs that people they know do, they look at the fact that some jobs pay more money than others and reflect on what types of jobs they might like to do when they are older. The children look at the similarities and differences between themselves (and their dreams and goals) and someone from a different culture.			<b>New key vocabulary that may be introduced:</b> Lifestyle, job, career, profession, salary, contribution, society, culture, sponsorship, aspiration, communication, support, rallying, difference.
